1) Get Clear

“We’re kept from our not by obstacles, but by a clear path to lesser goals.” ~ Robert Brault

Focus

What do you want?

Why do you want it?

How will you get it?

When will you have it?

What will you have in 5 years?

What will you have in 1 year?

What can you do this month to make this happen?

What can you do this week to make this happen?

What can you do today? Right now?

Will you? Yes or No

2) Only 3 Things

***“If you have more than three priorities, you don’t have any.”
~ Jim Collins***

3) Live It!

***“Keep your habits positive, because your habits become your values.
Keep your value positive, because your values become your destiny.” ~
Gandhi***

What are your Expectations?

What are your Intentions?

What are your supporting Habits & Rituals?

Keep your To-Do List separate from your Must-Do List.

Use your resources. Who do you know that can help you reach your goals? What can you do to help them?

Prepare and Embrace the sudden storms and unforeseen interruptions that you will encounter. Correct and continue.

Speak out loud & write down your personal affirmations.

I am (ex. going to buy and sell 10 properties by December 1st. I am going to have an outing with my family every Saturday at 1:00pm.)
